PERMANENT MAKEUP CLIENT CONSENT FORM

I hereby consent to and authorize _____ to perform the following procedure: _____.

Although every precaution will be taken to ensure your safety and wellbeing before, during and after your microblading, please be aware of the following information and possible risks.

Please initial each statement:

- _____ I am over the age of 18 and in sound mind, body, and health.
- _____ I understand that I will have permanent and/or semi-permanent cosmetic (referred to on this form as PMU/SPMU) makeup applied using the highest standards of hygiene and that sterile disposable needles and pigment containers are used for each individual client, procedure, and visit.
- _____ I understand and accept that permanent makeup is a process, often requiring multiple treatment visits to achieve desirable results and 100% success cannot be guaranteed.
- _____ I have been advised that the pigment result may vary according to skin tones, skin type, ethnicity, age, lifestyle, post-procedure care and general skin conditions. And I understand no guarantee on exact color results can be given.
- _____ I am aware that the true healed color will be visible 6-8 weeks after each procedure.
- _____ I accept the responsibility for determining and agreeing to the color, shape, and position of the PMU/SPMU procedure as agreed upon during the consultation.
- _____ I fully understand and accept that non-toxic pigments are used during the procedure and that the results will fade over time, however, some trace pigment may stay in the skin indefinitely.
- _____ I have been advised that annual touch-ups are encouraged to maintain the integrity of the color.
- _____ If an unforeseen condition arises in the course of the PMU/SPMU procedure, I authorize the technician to use his/her professional judgment in deciding what she feels is necessary under the given circumstances.
- _____ I can confirm that I have received before and aftercare instructions and I will strictly adhere to such instructions. I understand that my failure to do so may jeopardize my chances for a successful procedure.

PERMANENT MAKEUP CLIENT CONSENT FORM

- _____ If I wear contacts, I am aware that I must remove them prior to an eyeliner procedure.
- _____ I am aware that I must remove any false eyelashes prior to an Eyeliner/Lash Enhancement procedure. I am also aware that any lash enhancement serums or conditioners can affect the outcome of my Eyeliner/Lash Enhancement procedure.
- _____ I acknowledge that my skin is vulnerable to infection directly after a PMU/SPMU application, and I am to contact my primary physician if I see any signs of infection.
- _____ I understand that using cosmetics, excessive perspiration, and sun exposure should be limited until the skin has fully healed.
- _____ Allergic reactions are always a possibility. I understand that a patch test/allergy test does not guarantee that I will not have an allergic reaction and I release the technician from liability should I develop an allergic reaction to any of the topical preparations, pigments, dyes or the anesthesia used in the procedure.
- _____ I understand it's impossible to list every potential risk and complication. I agree to have been informed of possible benefits, risks, and complications including but not limited to: redness or other discoloration, temporary bleeding, bruising, swelling, irritation, pain, fading or loss of pigment, and cold sores on lips.
- _____ I am aware that if I am to have an MRI after the procedure, I must tell the radiologist that I have iron oxide permanent cosmetics.
- _____ I understand that laser hair removal procedures may turn lip pigment dark or black.
- _____ I understand the positioning of my PMU/SPMU procedure can be affected if I elect to have cosmetic surgery, Botox, Restylane or other cosmetic or surgical procedures.
- _____ I understand that correcting or touching up micropigmentation that was performed by others involves additional risks because of the existence of permanent pigments of unknown composition, brand, color, age, shape and other factors that my technician has no control over. I understand that additional appointments after the initial and follow up appointments may be required.
- _____ I acknowledge that the procedure may result in a long lasting (many years) change to my appearance and that no representation has been made to me as to the ability to later change the results. I am aware that it can be costly to remove.

PERMANENT MAKEUP CLIENT CONSENT FORM

- _____ I understand tattoo inks, dyes and pigments have not been approved by the federal Food and Drug Administration and that the health consequences of using these products are unknown.
- _____ I consent to the taking of before and after photos for the purpose of record keeping & documentation required by the Technician's insurance company.
- _____ I further authorize that exceptional photographs or results may be used in advertising or promotional materials and I give permission for such usage.
- _____ I am not pregnant or nursing, do not have Hepatitis, HIV/AIDS, and am not under the influence of any drug or alcohol at this time.
- _____ All medications and medical conditions have been disclosed to my technician as well as noted accurately and to the best of my knowledge on my intake/consultation form.
- _____ Being of sound mind and body, I hereby release and forever discharge the Technician at _____ from any and all claims of negligence, damages, or legal actions arising from or connected in any way with my PMU/SPMU procedure. I fully accept any and all responsibility for any consequences that might stem from my decision to have a PMU/SPMU procedure performed by _____.

By signing below I agree to the following:

I have completed this form to the best of my ability and knowledge. I agree to inform the technician of any changes in the above information. I agree that do not have any condition(s) that would make the requested treatment unsuitable. I will inform the technician of any discomfort I may experience at any time during my treatment to allow them to adjust accordingly. I agree to waive all liability toward my technician and the salon for any injury or damages incurred due to any misrepresentation of my health.

This agreement will remain in effect for this procedure and all future follow-ups conducted by the technician. I understand that this consent agreement is legal and binding. I have read and fully understand all information in this agreement. I am over 18 years of age and consent to the agreement and to the brow lamination procedure, or if I am under 18 years of age, I have had my parent or legal guardian consent to this agreement, and his or her relationship to me is as follows:

By his or her signature below, he or she ratifies and consents to this procedure under these terms.

EYEBROWS

PRE-CARE INSTRUCTIONS

PRE-CARE ADVICE

- No alcohol for at least 24 hours before the procedure.
- No caffeine on the day of the procedure.
- No blood thinners including pain killers for at least 24 hours before the procedure.
- No aspirin, ibuprofen or aleve for at least 48 hours before the procedure.
- No working out on the day of the procedure.
- No sauna or tanning 1 week prior.
- You cannot be pregnant or breastfeeding.
- Discontinue use of fish oil or vitamin E at least one week prior.
- No botox injections in the brow area for at least 2 weeks prior to the procedure.
- No deep exfoliation in the brow area for at least 2 weeks prior to the procedure.
- No retinol products, acne treatments or salicylic acid in the brow area for at least 4 weeks prior.
- No antibiotics at the time of your appointment.
- No eyebrow tinting 2 weeks prior to the procedure.
- A patch test will be performed prior to the procedure unless waived.
- Any waxing should be performed at least 48 hours before the procedure:
Electrolysis no less than five days before the procedure.
- Please wear your normal makeup to the salon on the day of the procedure.
- Since delicate skin or sensitive areas may be swollen or red, it is advised not to make social plans for the same day.

WHAT TO EXPECT

Immediately the days following your procedure, the tattooed area will appear to be darker and bolder in color and more sharply defined. The complete healing process takes about 6-8 weeks, at which time the true color of the tattoo is evident. During this process, your tattoo will soften and lighten. Be patient and wait at least 6 weeks to see the true color.

E Y E B R O W S

AFTER-CARE INSTRUCTIONS

AFTERCARE ADVICE

Day of:

After the procedure, gently blot the area with a clean tissue to absorb excess lymph fluid. Do this until the oozing has stopped.

Days 1-7 (wash & moisturize):

Gently wash the area each morning and night with water and gentle soap or an unscented cleanser. With a very light touch, use your fingertips to gently cleanse the area.

After each wash it is very important to let the brows dry completely before you add moisturizer. To dry, gently pat with a clean tissue. DO NOT use any cleansing products containing acids (glycolic, lactic, or AHA), or exfoliants.

When dry, use a sterile Q-tip and GENTLY dab (DO NOT RUB) the balm provided onto your brows using an amount equivalent to the size of half a grain of rice for each brow. (If you use the correct amount you will not see a glossy look on your brows.

Day 5-12 (peeling/flaking phase):

Once this process begins you can discontinue washing and keep moisturizing your brows. Do not pick, and allow the scab or dry skin to come off on its own.

DO NOT sleep on your face, please try everything possible to refrain from rolling on to your face in your sleep.

When your brows are no longer flaky (typically between day 10-14) this phase of healing is complete and you can resume regular activities. You will still want to avoid all products on them that include active ingredients (acne or anti aging products, salicylic acid, etc) and protect your fresh brows from UV exposure.

EYEBROWS

AFTER-CARE INSTRUCTIONS

ONCE EYEBROWS ARE HEALED

Exposure to the sun over time can cause fading and discoloration of the pigment. Once completely healed, always apply sunscreen (50 spf or greater) on the treated area.

Wear large sunglasses and a hat for further protection. Rinse and dry the area thoroughly when in contact with chlorine.

Glycolic acid, microdermabrasion, and chemical face peel products and exfoliants must be kept away from the tattooed area as continued use could lighten the pigment.

If you are having laser resurfacing or laser hair removal after your tattoo has healed, please inform the laser technician. Continue at your own discretion. Laser procedures may darken, lighten, or discolor the tattooed area.

Once the treated area is completely healed, any changes or additions that need to be made can be done at your follow-up appointment no sooner than 6-8 weeks later.

There are no implied or written guarantees if you do not take care of your tattoo.

L I P S

PRE-CARE INSTRUCTIONS

PRE-CARE ADVICE

- No botox and/or cosmetic fillers around or on the area of the procedure.
- No chemical peels and/or laser treatments.
- No Retin-A and/or Accutane.
- No antibiotics.
- No steroids.
- For at least 5 nights prior to the procedure, exfoliate lips with a natural scrub (sugar and coconut oil) before bedtime.
- Apply Vaseline or Bepanthen lip cream after exfoliating the lips.
- Drink at least 8 glasses of water a day for hydration and improved lip surface.
- Do not take Aspirin, Niacin, Vitamin E, Ibuprofen or Omega 3 unless medically necessary, 48-72 hours prior to the procedure.
- Do not take blood thinners.
- Do not drink caffeine, energy drinks or alcohol for at least 24h before the procedure.
- If you have a history of cold sores we advise you to go see your doctor to obtain the proper prescription medication. Please start taking your medication 5 days prior to your procedure and continue a few days after.
- No working out the day of the procedure

L I P S

AFTER-CARE INSTRUCTIONS

AFTERCARE ADVICE

- Change your pillowcase when you get home. Please be advised that any pigment residue could stain your pillowcase for at least 1 week after your appointment.
- Day of the procedure: Lips will feel swollen, dark and very dry after your treatment. Pat lips gently with a wipe or tissue to remove excess lymph every hour or so on the first day. You may also apply ice packs to help if they are very swollen.
- Day 2-3: Apply a moisturizing lip ointment twice a day to moisten and prevent them from forming a crust. Allow lips to dry for 5 minutes prior to applying your aftercare lip balm. This should be done for at least 5-6 days post treatment.
- Day 4: Apply a moisturizing lip ointment at night to prevent scabs and dryness, continue to apply it for the entire week until the area is completely healed. Always use a Q-tip to apply the ointment. Once the lips are no longer tender, they may become flaky. This is normal.
- Do not pick or scratch them. Doing so can significantly reduce the amount of pigment that stays in the skin.

LIPS HEAL STAGES

DAY 1  Swelling, tenderness, and high color intensity.	DAY 2  Swelling subsides, dryness starts. Color too dark.	DAY 3-4  Scabbing and peeling. Severe dryness.
DAY 5-6  More peeling possible. Color looks much lighter.	DAY 7-10  Ghosting stage. The color looks very light.	DAY 28  The color has settled into its true shade.

EYELINER PRE-CARE INSTRUCTIONS

PRE-CARE ADVICE

- Avoid lash tinting 2 weeks before. Do not dye or perm lashes for 10 days prior.
- If you have had Lasik or Cataract Surgery you need medical clearance from your physician.
- Eyelash extensions must be removed 1 week prior to your eyeliner procedure.
- No Latisse or any other eyelash serums for 4 weeks prior to the procedure.
- No botox injections 2 weeks prior to procedure in eye area only.
- The skin must be free of all irritations including blemishes, eczema, and psoriasis.
- No Accutane medication for one year prior to getting a Permanent Cosmetic Tattoo.
- No Fish Oil, Vitamin C, Glucosamine, Evening Primrose Oil, Ginger, Ginkgo one week prior.
- No anti-aging, skin brightening, anti-acne products for 30 days prior to your appointment.
- No facials, microdermabrasion, microneedling, peels or laser treatments for at least 4 weeks prior to your procedure.
- Do not take blood thinners.
- Avoid tanning beds, heavy sunlight or getting sunburn for 2 weeks prior to procedure.
- Do not drink caffeine, energy drinks or alcohol for at least 24 hours before the procedure.

DAY OF PROCEDURE

- Do not wear mascara and have your eyes free of makeup and moisturizer.
- Do bring sunglasses to wear home. Eyes may be light sensitive.
- If you wear eyeglasses, please bring those to your appointment
- If you wear contact lenses, you must remove them before the procedure.
- No working out the day of the procedure!

EYELINER AFTER-CARE INSTRUCTIONS

- Expect the color to be harsh and appear darker and thicker due to swelling.
- After the procedure, cleansing should be done with a clean cotton pad in a padding motion for the first 4 hours. This is to absorb excess lymph fluid. Removing this fluid prevents hardening of any blood/lymphatic fluids. Don't apply ointment.
- You can use ice packs for the first 48 hours for 10 minutes.

Days 1-3

- Expect swelling due to gravity.
- Change your pillowcase and avoid germs and pets around the area for 3 days.
- Don't get the area wet, only clean it from lymph with a damp cotton pad from time to time.

Days 4-10

- Clean the area with lukewarm water morning and night and air dry.
- Start ointment on the 3rd or 4th day. Apply a thin layer of ointment 2x daily for 3 to 4 days.

EYELINER STAGES

DAY 1

Looks too dark, red, irritated & swollen

DAY 2

Area feels dry and tender

DAY 3-4

Scabbing, then flaking

DAY 5-10

Flaking ends, pigments look too light

DAY 11-14

No need for aftercare anymore

DAY 15-40

Color slowly darkens

DAY 41

Touch up time!
